

# Cyber Bully Be Gone!

Modern age anti-bullying strategies

In response to numerous requests for a presentation that addresses bullying issues of the 21st Century, TIE presents Cyber Bully Be Gone. This performance refreshes tactics for protection against bullies raised in our original, enormously successful show, Bye Bye Bully, as well as strategies against phone-text and internet bullying.

A young person, confronted by problems with bullies, approaches the wisest wizard in the land, in the hope of learning a few tricks. The wizard shows that no hocus-pocus is required, but a few simple techniques can work magic. Students participate in role-play and exercises to inspire confidence that there are ways of dealing with every situation and every bully.

Cyber Bully Be Gone is a highly entertaining way of instilling practical anti-bullying strategies in students. Comedy, music, and theatre, make the vital lessons easily digestible. Teachers' notes are provided to make classroom follow-up effective and easy.
